In arguably one of the inner city's premier locations on a quiet leafy residential street, this first floor apartment is the perfect opportunity to enjoy the best of inner city living. In a boutique block, it's light filled and well appointed, comprising two bedroom(BIRs), refurbished kitchen complete with dishwasher and central bathroom (space for a washing machine) and an open plan living/dining area. Further features include, reverse cycle heating/cooling throughout, secure entry and car space (parking permit also available). Moments from the buzz of Gertrude, Smith and Brunswick Streets and walking distance to the CBD it's the ideal inner city pad.
